

BUILD - a - BIKE

Team Building 4 Children's Charity

The **Build-a-Bike for a Child** Charity event is an intelligent and corporate socially responsible team building activity. Your group is divided into teams to accomplish activity challenges in order to build bicycles for children. Resulting in a special gift to a deserving child! Such as Tamara from Barnado's, whose beaming smile touched the hearts of Employers Mutual on receiving her bike.

This is an original bicycle team building concept with corporate social responsibility, sustainability, worthy cause & local community involvement.

Each team completes a series of fun team activities in order to acquire the resources that they need part by part to build children's bicycles.

Activity Challenges facilitated indoors or along an outdoor journey of fun team challenges at checkpoints, collecting bike parts to accomplish the ultimate goal - a terrific & well built bike!

The Underlying foundation is each component of a team and company is interdependent as is a bicycle. Achieving results by working collaboratively rather than siloed. *"When we work together, we accomplish more - faster with greater ownership and responsibility of the outcome, enjoying the process to achieve a worthwhile result!"*

Half-day or full-day timing, content and locations as required. Have a guest speaker present. **Build-a-Bike** engages both mind and body whilst enjoying the results of worthy cause teamwork.

Team Integration, Where Building is more than a metaphor.

- * Brainstorm, Prepare and Plan
- * Communicate effectively as a team
- * Identify & Incorporate personal strengths talents, abilities & skills.
- * Realisation when a team works together, they accomplish more for the good of community & supporting worthy causes.
- * Enjoy excellent fun in the build-a-bike process.
- * Timings to suit your requirements from 1hr.
- * Full day combinations of Build-a-Bike, Team Construct, Leadership, Amazing Races or Creating an inspiring Team Culture can be selected.
- * Problem solving
- * Collaborate skills

Suggested **Build-a-Bike** Agenda

- * Icebreakers, Team members learn about each other and themselves in fun fast-paced games designed to organise your team into smaller groups.
- * Clues or activity challenges are distributed to each group, which can lead teams outdoors, or stay within.
- * Solve clues to acquire components and tools to build the bikes.

BUILD - a - BIKE

Team Building 4 Children's Charity

- * Challenges such as having too many of a specific part or not enough of another!
- * Groups discover that in order to succeed, they are not competing with each other but against scarce resources, negotiating to acquire the correct parts.
- * Whilst bikes are being built creative gift cards are being made by colleagues with textiles & craft supplies to attach to the bike with their special message.
- * At the conclusion of **Build-a-Bike**, groups present their Quality Controlled (Cycle Mechanic does a full inspection & adjustment on delivery) inspected bicycles to children in need, from a local selected charity such as The Smith Family, Salvation Army, Camp Quality, Children's Foundation, Barnodo's, Red Cross... Or have your team select your deserving charity.
- * A fun, active & responsible corporate team building choice, professionally. Facilitated anywhere within Australia & New Zealand!
