

THRILL - your team building together.

Team - BUILD - team construction

Team - TOWER - building team foundations

Team - ARK - team rescue by design

Team - SYMBOL - corporate team image.

Team - CONSTRUCT - new teams created!

Successful Strategies of teams building cooperatively achieving a common team goal!

Objective: Build a 3 dimensional structure, representing team values, and the mission of your corporation, utilising excellent leadership, strategic direction & superb teamwork.

Scope: Achieving together in a united approach to building your team skills and relationships realistically.

Introduction: Easy as 1-2-3, Thrill teams professional staffing and experience in delivering large-scale quality team events. Utilising the assets and materials purchased or gained through the whole teams participation. Points or currency are awarded for success and performance. These are then traded for assets and materials to create the Team-BUILD. Construction materials include – Props, PVC piping & push fit connectors, Cable Ties & Ducting Tape.

Focus areas: Leadership development, Skill transfer, Excellent Communication, Commitment to project, Setting new goals and objectives, Collaborative Problem Solving, developing new teams, creating a new organisational culture and excellent fun in sharing an accomplishment!

Overview: Each team is provided between 15-30 minutes to complete activity tasks surrounding team construction zone. Construction equipment is traded or purchased based on team points accumulated before rotating to the next activity. Once team activities are completed, all team members support the final construction, managed by elected designers.

Teams elect one construction designer and builder (identified by construction helmets) to enter a central construction site to work cooperatively with other teams. Teams build a unique SCULPTURE, SYMBOL, ARK, HOUSE or TOWER structure with the materials gained by their total team's efforts.

The team built construct embodies the spirit demonstrating a symbol of united team achievement. Team scores are highlighted with prizes presented for accomplishment and speeches of acceptance given!

Pictures:

1. **DHA** Success in Building a House that is transportable.
2. Michael from **DHA** leads the planning and team construction.
3. **SIEMENS** Medical captured in action connecting their teams foundations.
3. **Coffey Geo** Builds a House and Road platform with their company logo antennae.
4. At **MANTRA** Resort Umina, Ettalong near Central Coast beaches. Siemens teams united in construction and Building an excellent Team ARK.

Unique Team Building -

160 COFFEY Geosciences Delegates revelled in the fun, action, challenges, creativity and Building of a unique symbolic structure. The initial design by engineers was gradually modified by a series of Chinese whispers. Until the final construction team embodied all the elements into 1 structure of strength. Raising the team Coffey Logo proudly atop of the initial platform. Mantra Resort Ettalong

ACTIVITY STATIONS – Surround the marked out central construction site. Typically in a 3-4hr program there will be 3-5 team development activities. Each team activity is designed to complement your theme, vision or mission. The number of activities will vary according to group size and duration required. Each rotation, equipment is purchased or collected related to team performance.

SAMPLE TEAM BUILD / TEAM TOWER ACTIVITY SELECTION

- 1. Poles Apart** – Team members sign their name on sheet laid in a toxic zone without stepping into the area.
 - 2. Spiders Web** – Excellent team building initiative to collaborative strategies leading teams to succeed.
 - 3. Sling Shot Shooting** – Fun team linking – shooting water bombs into targets for achievement.
 - 4. Mind-field** – Clear thermonuclear detonating devices scattered in mine-field aboard shipwreck planks.
 - 5. Nuclear Hazard** – A leaking nuclear waste drum is encountered requires decanting into a safety container utilising minimal resources. A cooperative team balance is required to achieve the mission.
 - 6. ART – Painting or Sculpting** – Artistic Works – visioning the teams future. Clay or Sand into a creative work of team values linked to the mission at hand.
