MISSION

MISSION : POSSIBLE!

or BOND...TEAMBOND 007

Themed team building leadership development and training program for corporate team building activities and events.

Background- An espionage agent has entered your building and leaked an innocuous deadly viral chemical gas, known as Hydro Calmira Caesium HCC. Contaminating your team, who have innocently breathed vapours and are now infected. PLEASE Remain Calm. Do not evacuate. Plan & Prepare 1st!

Mission music announces the arrival of facilitators dressed in black ready to ignite your team building program. BUSHSPORTS trained professionals enter your domain with security access clearance. Completing a sweep of environments ensuring security and filing alerts of espionage agent activity.

An agents demand is received. Requiring exchanges for the anti-dote. Team anti-dotes must be found and consumed within the set time to survive. Your life and organisations future is dependent on developing a secure action plan and accomplishing tasks without giving in to agents demands.

1st Assess & gather further intelligence, 2nd Plan together, 3rd Complete Team Activities 4th Activate Mission 5th Regather mission components 6th Locate Anti-dote 7th Maps, clues and or a video presentation are provided.

Recover stolen virus antidotes 🌡. Strategically secured 👄 and hidden from prying 👁's .

ENVIRONMENTAL teams will be required to stem, stopping contamination of water supply. **ESPIONAGE** Negotiation - Locate and Intercept fugitive espionage agent to collaborate a trade of information through the completion of challenges, puzzles and team initiatives.

Challenge activities are selected on the basis of location. Ie Hazardous Waste, Poles apart, Communication Relays, Message deciphering, Signalling Challenges, Building Devices…….

The 🗝 to your selected mission is cooperation, problem solving, communication, trust and effective teamwork meeting the set deadlines. Your 👥's must utilise its resources 💰 and skills effectively in order to retrieve the antidote/s before a killer virus wipes your companies population 🚗, destroys water supplies and network systems.

Clues deciphered, suspect agents interrogated and locations confirmed. Infiltration plans have to be made and carried out before a rapidly approaching deadline. Together your 👥 team must determine the strategy for success. .
